RAUL BOCANEGRA FOR STATE ASSEMBLY

Official Candidate of the Democratic Party

“ I’m fighting for a future where anyone who works hard can build a better life for themselves and their family.” – Raul Bocanegra

Raul’s father came to California in search of an opportunity to build a better life.

He met his wife Eleanor and started a family. Together, they worked hard and saved for the future. They were able to buy a home and give Raul and his siblings opportunities they never had – access to a good education, a safe neighborhood, and the opportunity of a good job.

Raul believes that today, too many working families are struggling to make ends meet. Those same opportunities his parents had are out of reach.

Raul is working to change that. He believes that everyone who works hard deserves a living wage and the opportunity to give their children a good education.

As a State Legislator and community leader, Raul is fighting for give every family the chance to succeed by:

- ✓ **Voting to increase the minimum wage**
- ✓ **Expanded access to job training and vocational education programs**
- ✓ **Fighting to built more affordable housing in the Valley**
- ✓ **Passed legislation to keep good family supporting jobs from leaving the Valley**

Raul Bocanegra will deliver good jobs, good schools, and the opportunity for everyone to succeed
